

The Future of Angular

Joe Eames

@josepheames | www.joeeames.me

Agenda

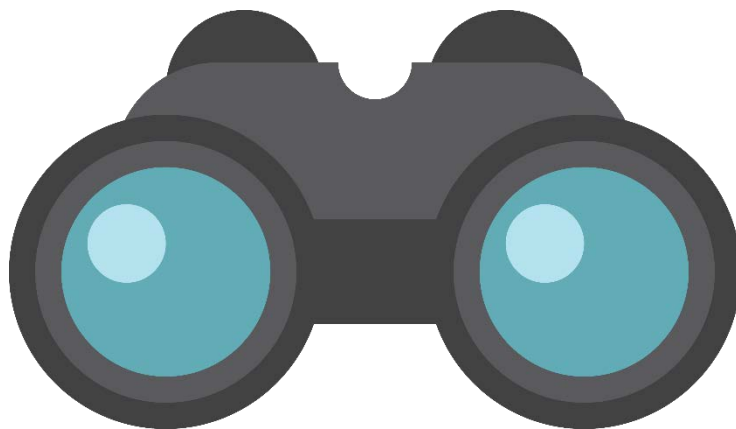

Angular 1

Angular 2

Angular 1 Future

Before Angular 2

After Angular 2

Angular 1 Pre Angular 2 Release

New Tech Lead

Frequent Releases

New Router

Other Backported Features

Angular 1 Post Angular 2 Release

Continued Releases

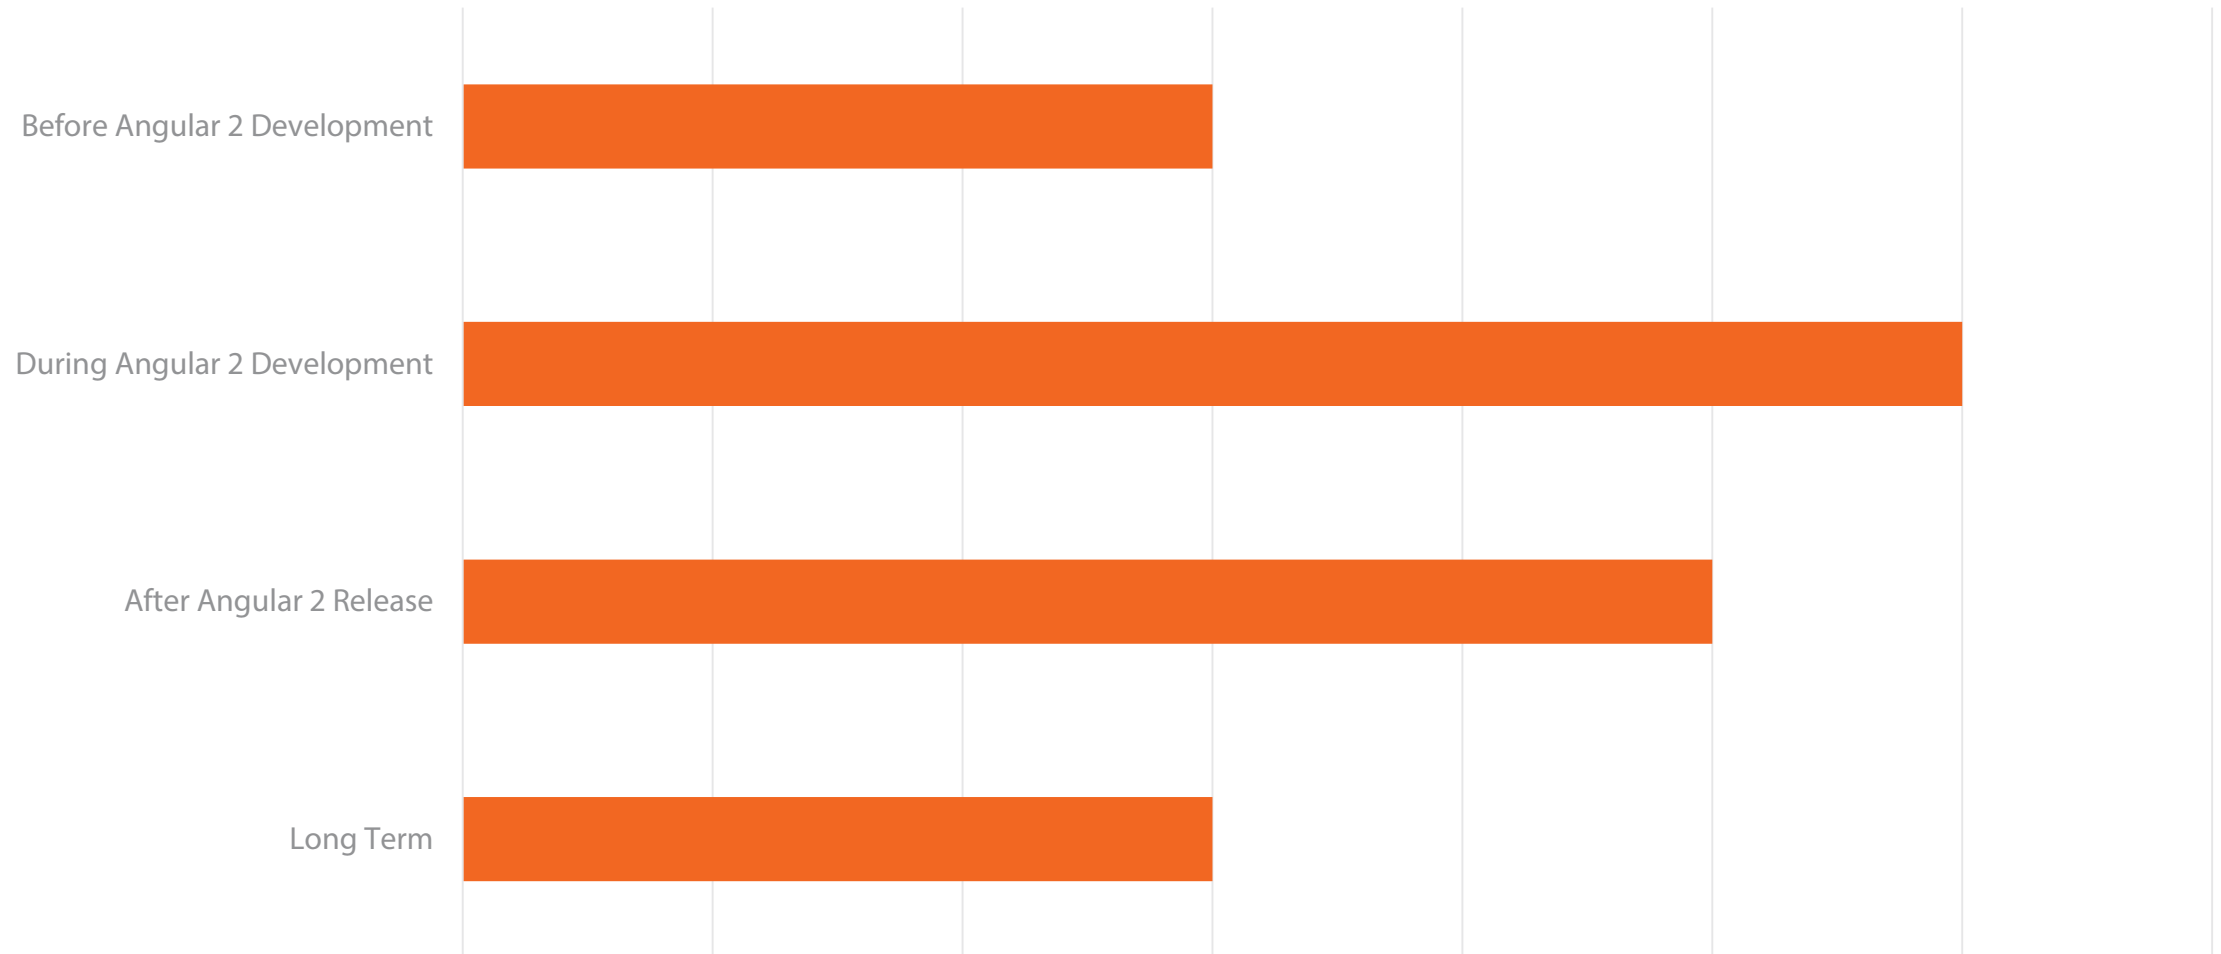

Bug Fixes

Dropped Official Support

Community Support

Angular 1 Resources

Angular 2

Performance!

Simplified Conceptual Model

Mobile

ES6 / ES7 Support & Web Standards
Integration

Angular 2 - The Road Ahead

Late 2015 / First Half 2016

Side by Side Angular 1 Migration Path

Summary

Future of Angular 1 & 2

Conclusion

Conclusion

Server-Side Rendering

jQuery

Older MVC Frameworks

Ember & Other Modern MVC Frameworks

React
